

## **To Whom It May Concern**

I am please to provide this testimonial in support of Reynolds & Reynolds Laser printing solution for my dealership.

The Reynolds *Laser Smart Forms* process allows us to print all of our Service and Parts invoices on one centralized printer. We are a dual franchise with Ford & Hyundai franchises, the flexibility of the Reynolds software enables the printing of Franchise specific documents creating a very professional presentation of our Franchise stationery.

As a result of no longer requiring expensive pre-printed stationery, we anticipate saving \$500.00 per annum in printing costs.

We are very pleased with this printing solution and I am happy to discuss this with any prospective Reynolds & Reynolds clients.

Yours sincerely

Wade Robertson  
**Dealer Principal**
