

# eraPower regSafe

Most Efficient, Integrated Registration Check!

eraPower regSafe is designed for the convenience of dealerships to easily check the registration status of a vehicle directly through eraPower.

eraPower regSafe assists dealers in Showroom and Service Departments as follows:

- Alert a user if a vehicle is unregistered, suspended, has an invalid registration or VIN number
- Validate that the registration number is valid for the associated VIN
- Easily check a vehicle registration when appraising for a trade in
- Ability to check a batch of vehicle registrations that are due in for service

## QUICKER Registration Check

- ✓ Seamless integration to eraPower
- ✓ Save time without having to manually check registration statuses through external online portals

## SAFER CTP Cover

- ✓ Avoid paying expensive fines
- ✓ Reduce risk of dealership staff driving unregistered/uninsured vehicles
- ✓ Audit trail on previous registration checks using regSafe

## BETTER Customer Experience

- ✓ Personalised service and peace of mind
- ✓ Instant alert of any expired registrations
